WHO SHOULD TAKE THIS COURSE: Young CT-based actors (ages 13-18) with more than a casual interest in acting and growing their craft. You will be expected to come on time and learn your assigned material in between classes. This course will help you achieve your goals and gain a major advantage over other actors in future auditions for all manner of productions, conservatory programs, and college admissions. You will become comfortable and competent with the language & verse, your vocal instrument will grow and expand, and you will learn a great deal about the universality of the human experience from the greatest playwright of all time.

WHO SHOULD NOT TAKE THIS COURSE: Anyone who prioritizes video games or Snapchatting over practicing and learning their craft. We can only accommodate 15 students. If you cannot commit to twice weekly for 1.25 hrs, and work on your material on your own time, please do not claim a space in this course. You must be able to recognize an opportunity and understand that it is worth your time and effort to maximize the experience for yourself and be accountable to your classmates, instructor and scene partners.
